May the God of hope fill you  
with all joy and peace in believing,  
so that by the power of the Holy  
Spirit you may abound in hope.

- Romans 15:13

Christy enjoys the stained glass in his downsized pastor's office at Goodyear Heights Presbyterian Church as he surfs the wave of change over the how and why of church. His messages are accompanied with video and go on the road with a new worshipping community in a fraternity house.

Bette Lynn helps folks get moving again as a Home Health Physical Therapist. She keeps active with swimming and quilting. She visited Rachel and Catherine in their new California home with Christy and then her parents in Arizona.

Rachel has moved about 75 miles north of Sacramento where she is enjoying being a sixth grade teacher and living with Catherine at the "mystery ranch" community Willow Springs in North San Juan.

Robert's graduation in Hospitality Management from the University of Cincinnati is in sight. He has accepted a promotion to work at Glenmoor Country Club in Canton, Ohio and considering offers of room and board including one from his Grandma Mary Lu.
